

Request for Quotations (RFQ)

RFQ Number: IRP II-PROG-BPA-2023-003 (Safety Equipment)

Issuance Date: June 22nd, 2023

Deadline for Offers: July 13th, 2023

Description: RFQ for BPA for Safety Equipment

For: Iraq Community Resilience Initiative (ICRI) – Ta’afi

Funded By: United States Agency for International Development (USAID),
7200AA19D00015

Implemented By: Chemonics International Inc through its entity Chemonics Iraq LLC.

Point of Contact: procurement team - ICRI Taafi Solicitations solicitations@icritaafi.org

***** ETHICAL AND BUSINESS CONDUCT REQUIREMENTS *****

Chemonics is committed to integrity in procurement, and only selects suppliers based on objective business criteria such as price and technical merit. Chemonics expects suppliers to comply with our Standards of Business Conduct, available at <https://www.chemonics.com/our-approach/standards-business-conduct/>.

Chemonics does not tolerate fraud, collusion among offerors, falsified proposals/bids, bribery, or kickbacks. Any firm or individual violating these standards will be disqualified from this procurement, barred from future procurement opportunities, and may be reported to both USAID and the Office of the Inspector General.

Employees and agents of Chemonics are strictly prohibited from asking for or accepting any money, fee, commission, credit, gift, gratuity, object of value or compensation from current or potential vendors or suppliers in exchange for or as a reward for business. Employees and agents engaging in this conduct are subject to termination and will be reported to USAID and the Office of the Inspector General. In addition, Chemonics will inform USAID and the Office of the Inspector General of any supplier offers of money, fee, commission, credit, gift, gratuity, object of value, or compensation to obtain business.

Offerors responding to this RFQ must include the following as part of the proposal submission:

- Disclose any close, familial, or financial relationships with Chemonics or project staff. For example, if an offeror’s cousin is employed by the project, the offeror must state this.
- Disclose any family or financial relationship with other offerors submitting proposals. For example, if the offeror’s father owns a company that is submitting another proposal, the offeror must state this.
- Certify that the prices in the offer have been arrived at independently, without any consultation, communication, or agreement with any other offeror or competitor for the purpose of restricting competition.
- Certify that all information in the proposal and all supporting documentation are authentic and accurate.
- Certify understanding and agreement to Chemonics’ prohibitions against fraud, bribery, and kickbacks.

Please contact suri@icritaafi.org with any questions or concerns regarding Ethical and Business Conduct Requirements or to report any potential violations. Potential violations may also be reported directly to Chemonics at to BusinessConduct@chemonics.com.

Section 1: Instructions to Offerors

1. **Introduction:** The ICRI Taafi Project is a USAID program implemented by Chemonics International through its entity Chemonics Iraq LLC. The goal of the program is to increase stability in Iraq. As part of project activities, the ICRI Taafi Project requires the purchase of safety equipment.

The purpose of this RFQ is to solicit quotations from eligible suppliers for as-needed, ad hoc purchases of safety equipment. As a result of this RFQ, the ICRI Taafi Project anticipates issuing a blanket purchase agreement (BPA)—or possibly multiple BPAs—to establish specific pricing levels and parameters for ordering these commodities/services. This will allow the ICRI Ta'afi Project to issue specific purchase orders, on an as-needed basis, for the procurement of these items over the next 12 months. The Supplier shall furnish the supplies/services described in any purchase orders issued by Chemonics under this BPA. Chemonics is only obligated to pay for supplies/services ordered through purchase orders issued under this BPA and delivered by the Supplier in accordance with the terms/conditions of this BPA.

Offerors are responsible for ensuring that their offers are received by Chemonics in accordance with the instructions, terms, and conditions described in this RFQ. Failure to adhere with instructions described in this RFQ may lead to disqualification of an offer from consideration.

2. **Offer Deadline and Protocol:** Offers must be received no later than 17:00 local Erbil time on July 13th, 2023, by email solicitations@icritaafi.org ICRI Taafi Project. Please reference the RFQ number in any response to this RFQ. Offers received after this time and date will be considered late and will be considered only at the discretion of Chemonics.
3. **Questions:** Questions regarding the technical or administrative requirements of this RFQ may be submitted no later than 15:00 local Erbil time on July 6th, 2023, by email to solicitations@icritaafi.org. Questions and requests for clarification—and the responses thereto—that Chemonics believes may be of interest to other offerors will be circulated to all RFQ recipients who have indicated an interest in bidding.

Only the written answers issued by Chemonics will be considered official and carry weight in the RFQ process and subsequent evaluation. Any verbal information received from employees of Chemonics, or any other entity should not be considered as an official response to any questions regarding this RFQ.

4. **Specifications:** Section 3 contains the technical specifications of the items that may be ordered under the BPA. All commodities offered in response to this RFQ must be new and unused. In addition, all electrical commodities must operate on 240V, 50Hz.

Please note that, unless otherwise indicated, stated brand names or models are for illustrative description only. An equivalent substitute, as determined by the specifications, is acceptable.

At this time, specific quantities to be purchased under any BPA resulting from this RFQ are unknown. Specific quantities will depend on the needs of the ICRI Taafi Project. Individual purchase orders will be issued under the BPA agreement, as the need arises for additional commodities/services.

5. **Quotations:** The per-unit pricing in quotations in response to this RFQ must be priced on a fixed-price, all-inclusive basis, including delivery and all other costs. Pricing must be presented in USD. Prices quoted must remain fixed for a minimum of 12 months. Offerors are requested to provide quotations on official letterhead or quotation format; in the event this is not possible, offerors may use the table in Section 3 to include the specification for the offered items.

In addition, offerors responding to this RFQ must submit the following:

- Organizations responding to this RFQ are requested to submit a copy of their official registration or business license.
- Contact information for at least three (3) references of past or present clients indicating the relevant commodities were sold in the last three (3) years that best illustrate company qualifications and past performance.

6. **Delivery**: The delivery locations for the items described in this RFQ are listed in Section 3. As part of its response to this RFQ, each offeror is expected to provide an estimate (in calendar days) of the delivery timeframe (after receipt of order). The delivery estimate presented in an offer in response to this RFQ must be upheld in the performance of any resulting contract.
7. **Source/Nationality/Manufacture**: All goods and services offered in response to this RFQ or supplied under any resulting award must meet **USAID Geographic Code 935** in accordance with the United States Code of Federal Regulations (CFR), [22 CFR §228](#). The cooperating country for this RFQ is Iraq.

Offerors may not offer or supply any commodities or services that are manufactured or assembled in, shipped from, transported through, or otherwise involving any of the following countries: Cuba, Iran, North Korea, Syria.

Any and all items that are made by Huawei Technology Company, ZTE Corporation, Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, Dahua Technology Company will not be accepted. If quotes include items from these entities, please note that they will be deemed not technically responsive and excluded from competition.

8. **Warranty**: Warranty service and repair within the cooperating country is required for all commodities under this RFQ. The warranty coverage must be valid on all commodities for a minimum of twelve (12) months after delivery and acceptance of the commodities, unless otherwise specified in the technical specifications.
9. **Taxes and VAT**: The agreement under which this procurement is financed does not permit the financing of any taxes, VAT, tariffs, duties, or other levies imposed by any laws in effect in the Cooperating Country. No such Cooperating Country taxes, charges, tariffs, duties or levies will be paid under any order resulting from this RFQ.
10. **Unique Entity Identifier (“Exempt per USAID letter dated November 29, 2021” :)** Companies or organizations, whether for-profit or non-profit, might be requested to provide a Unique Entity Identifier (UEI) number if selected to receive an award in response to this RFQ valued greater than or equal to USD\$30,000 (or equivalent in other currency). Contact sam.gov to obtain a number. Further guidance on obtaining a UEI number is available from Chemonics upon request.
11. **Eligibility**: By submitting an offer in response to this RFQ, the offeror certifies that it and its principal officers are not debarred, suspended, or otherwise considered ineligible for an award by the U.S. Government. Chemonics will not award a contract to any firm that is debarred, suspended, or considered to be ineligible by the U.S. Government.
12. **Evaluation and Award**: The award will be made to a responsible offeror whose offer follows the RFQ instructions, meets the eligibility requirements, meets, or exceeds the minimum technical specifications in the below table, and is determined via a trade-off analysis to be the best value based on application of the following evaluation criteria. The relative importance of each individual criterion is indicated by the number of points below:

- **Delivery – 35 points:** The speed of delivery in calendar days.
- **Technical –30 points.** Technical evaluation will be based on responsiveness to the technical specifications and requirements listed below for each item. Suppliers offering the items listed below, technically acceptable similar items, or items that exceed the requirements will receive full credit. All items are weighted equally.
- **Price – 35 points:** The overall items cost, and delivery cost presented in the offer.

Please note that if there are significant deficiencies regarding responsiveness to the requirements of this RFQ, an offer may be deemed “non-responsive” and thereby disqualified from consideration. Chemonics reserves the right to waive immaterial deficiencies at its discretion.

Best-offer quotations are requested. It is anticipated that the award will be made solely on the basis of these original quotations. However, Chemonics reserves the right to conduct any of the following:

- Chemonics may conduct negotiations with and/or request clarifications from any offeror prior to award.
- While preference will be given to offerors who can address the full technical requirements of this RFQ, Chemonics may issue a partial award or split the award among various suppliers, if in the best interest of the ICRI Taafi Project.
- Chemonics may cancel this RFQ at any time.
- Chemonics may reject any and all offers, if such an action is considered to be in the best interest of Chemonics.
- Based on the past performance and registration letter, Chemonics reserves the right to disqualify any vendors who are not specialized in the mentioned BPA subject.

Please note that in submitting a response to this RFQ, the offeror understands that USAID is not a party to this solicitation and the offeror agrees that any protest hereunder must be presented—in writing with full explanations—to the ICRI Taafi Project for consideration, as USAID will not consider protests regarding procurements carried out by implementing partners. Chemonics, at its sole discretion, will make a final decision on the protest for this procurement.

13. **Terms and Conditions:** This is a Request for Quotations only. Issuance of this RFQ does not in any way obligate Chemonics, the ICRI Taafi Project, or USAID to make an award or pay for costs incurred by potential offerors in the preparation and submission of an offer.

This solicitation is subject to Chemonics’ standard terms and conditions. Any resultant award will be governed by these terms and conditions; a copy of the full terms and conditions is available upon request. Please note the following terms and conditions will apply:

- (a) Chemonics’ standard payment terms are net 30 days after receipt and acceptance of any commodities or deliverables. Payment for purchase orders issued under any BPA resulting from this RFQ will only be issued to the entity submitting the offer in response to this RFQ and identified in the corresponding BPA award; payment will not be issued to a third party.
- (b) Any award resulting from this RFQ will be in the form of a Blanket Purchase Agreement (BPA). The ICRI Taafi Project anticipates issuing a BPA (or multiple BPAs) under which specific purchase orders can be issued—on an as-needed basis—at the pricing levels established in the BPA. When the need arises for the commodities/services described in the BPA, the ICRI Taafi Project will issue a purchase order to the BPA-holder. If there are multiple BPA-holders under this RFQ, the purchase order will be issued to the BPA-holder that presents the best value for that specific order, based on price and delivery time. This BPA will have a minimum duration of at least 12 months. The Supplier shall furnish the supplies/services described in any purchase orders issued by the ICRI Taafi Project under the BPA. The ICRI Taafi Project is only obligated to pay for supplies/services to the extent purchase orders are issued under any BPA resulting from this RFQ.

- (c) No commodities or services may be supplied that are manufactured or assembled in, shipped from, transported through, or otherwise involving any of the following countries: Cuba, Iran, North Korea, Syria.
- (d) Any international air or ocean transportation or shipping carried out under any award resulting from this RFQ must take place on U.S.-flag carriers/vessels.
- (e) United States law prohibits transactions with, and the provision of resources and support to, individuals and organizations associated with terrorism. The supplier under any award resulting from this RFQ must ensure compliance with these laws.
- (f) The title to any goods supplied under any award resulting from this RFQ shall pass to Chemonics following delivery and acceptance of the goods by Chemonics. Risk of loss, injury, or destruction of the goods shall be borne by the offeror until title passes to Chemonics.

Section 2: Technical Requirements for Offerors:

To be determined responsive, all of the following documents must be included in the Technical Offer (failure to submit all the following documents may result in disqualification from award):

- ☐ Cover letter, signed by an authorized representative of the offeror (see Section 4 for template)
- ☐ Official quotation, including specifications of offered equipment (see Section 3 for example format)
- ☐ Information on Past Performance: Similar experience with a proven track record of supplying similar goods is required, otherwise offers may not be considered. Offerors must include (3) three past performance references of their work (under contracts or subcontracts) implemented in the last (3) three years that best illustrate company's qualifications and past performance. The references listed by the Offeror might be contacted to complete a survey.
- ☐ Information on any other "Key Individuals" within the company. (i.e., those who have decision making authority to make financial decisions on behalf of the company).
- ☐ A copy of the official registration or business license, in federal Iraq and/or Kurdistan region of Iraq. Company profile or 2-3 pages introduction to company's areas of expertise and practice, and description of the team and main clients.

Section 3: Specifications and Technical Requirements

The table below contains the list of commodities/services that may be ordered under the BPA mechanism. Offerors are requested to provide per-unit quotations containing the information below on official letterhead or official quotation format. In the event this is not possible, offerors may use this Section 3 format to include the specifications and submit a signed/stamped version to Chemonics.

Please note that, unless otherwise indicated, stated brand names or models are for illustrative description only. An equivalent substitute, as determined by the specifications, is acceptable.

Line Item	Description and Specifications	Reference Photo	Units	Items and Specifications Offered	Unit Price USD (1 to 25 Units)	Total Price USD (26 to 50 Units)	Total Price USD (50+ Units)
1	Daily Uniform: Including t-shirt, jacket, pants. Logo and script to be printed on the back of the jackets, up to 100 characters (script to be confirmed upon purchase order), sizes and colors to be determined at the time of order.		Each				
2	Reflective Worker Suit: - Jumpsuit, cotton, with reflective bands on knees, arms, back and shoulders, - Coveralls Fabric: At least 65% polyester and 34% cotton and 1% antistatic - sizes and colors to be determined at the time of order.		Each				
3	Firefighter Suit (fire-resistant): For combatting fires, including jacket and pants. Needs to be fireproof per EN 469 European Standards. Include certificate of authenticity for standard fireproof ability. Needs to include reflective patches on the shoulders and around the ankles and wrists, as well as printed material on the back of the jackets, up to 100 characters. Sizes, script and colors to be determined at the time of order		Each				
4	Safety Helmet without torch Standard size		each				

5	Rain coats : - Outer shell material layer: 100% Fire retardant cotton - Moisture barrier layer: PTFE coated Kevlar - Thermal barrier layer: carbon felt - lining: breathable fabric - Net weight: $\leq 3.35\text{Kg/set}$ - Damaged length: $\leq 10\text{cm}$ - Renewal burning time: $\leq 2\text{s}$ - TPP value: $\geq 28.4\text{cal/cm}$ - Hydrostatic pressure: $\geq 17000\text{pa}$ - sizes and colors to be determined at the time of order		Each				
6	Pair of scissors: -For cutting metal sheets, -Stanley 14-563 Fatmax 250 mm weight: 404g -Product Dimensions: 30 x 7.5 x 3 cm -serrated cutting blades cut up to 18-gauge cold rolled or 23-gauge stainless steel.		Each				
7	Iron Cutters: - capable of cutting industrial and construction-based rebar, Afacan 16mm or equal. - Jaw Capacity: 7/40cm - Item Dimensions: at least (32 x 12 x 2.5) cm		Each				
8	Waterproof and Fireproof gloves: Include certificate of authenticity for fireproof ability, elastic wrist, fireproof lining on top and palm of hand, size inclusive		Pair				
9	Anti-electric gloves: - protective of 2500 volts, including certificate of authenticity for electricity resistance.		Pair				

	- Testing Voltage: 5KV, 10KV, 12KV, 25KV, 35KV - AC input high voltage protection: AC 30KV - Material: Natural rubber - Size: stander size - Type: Non-disposable use						
10	Work gloves - Full Cowhide Leather - Flexible and Durable. - 100% Genuine grain cowhide, Shrink Resistant and Flexible. Thickness depth of 1.0mm-1.2mm, durable but also soft and flexible with moderate oil resistance, puncture resistance, tear resistance and cut resistance - Reinforced palm and elastic wrists, Tough Grip - feature a reinforced palm patch that gives grip and wear resistance.		Pair				
11	Heavy Chemical Gloves Resistant: - Fully coated, extra coating over entire hand, with scalloped edge - Protects the hand against chemicals while remaining flexible. - Impermeable, for working in damp or greasy environments, enabling you to grip objects securely. - Material: PVC+Cotton		Pair				
12	Hand torch light: Battery powered, illuminate a distance of 435 meters, LED light source, multi-functional push button.		Each				

13	Waterproof torch light: Lifespan Over 10,000hrs Circuit Constant current circuit, memory function Batteries 2*16340/CR123/1*18650 Voltage 2.8-4.2V Material T6061 aircraft-grade, military grade Reflector Aluminum reflector Lens Glass lens		Each				
14	Rechargeable torch light: - Light O/P Wattage (in Watts): 2W, 1KM Range - Battery Specification: 3.7V / 2200mAh - Back Up Time in Hours: High: 6, Low: 12 - Charging Time: 6-8 h		Each				
15	Flashlights: - Material: Aluminum Alloy, Emitter BIN: Q5, Emitter, - Strap/Clip: Strap - Included, Power Supply: 1 x AAA Battery		Each				
16	Mobile light projector: stand, inclusive of 2 mobile projector lights of 20 watts, rechargeable/portable with power cord included LED capacity		Each				
17	Hydraulic gas powered jack hammer, Power Type: Gasoline Voltage: Gasoline Engine Driven Weight: 27kg Type: Core Drilling Rig Dimension(L*W*H): 746*315*229mm Engine's capacity : 185 cm3 Engine's speed : 2800r/min		Each				

	Engine's idling speed : 2200r/min Max. drill depth : 6m Oil tank volume : 1.8L Oil consumption : 0.195L/min Drilling speed : 250mm / min capable of breaking industrial concrete						
18	Electric powered jack hammer, 2200w Demolition Rotary Impact Drill Electric Concrete Breaker Sets Rated Voltage:110V/60Hz Power: 1100 Watts Rotary Speed: 900 RPM Concrete Capacity: 1-1/2" capable of breaking industrial concrete		Each				
19	Electric Drill: - 8.0-Amp, 3/8-Inch, Variable Speed Reversible, Mid-Handle Grip. - All-metal ratcheting keyless chuck for greater bit retention 0-2,500 RPM VSR trigger for versatility in drilling and fastening applications Mid-handle grip design with soft grip provides increased balance and comfort All ball-bearing construction provides greater durability and longer tool life.		Each				
20	Dust Mask Gasket: - FFP1 protects against low levels of fine dust (up to 4 x WEL). - Particulate Respirators provide effective respiratory protection for use in industries where workers will be exposed to dust particles and/or non-volatile liquid particles		Set				

	-PP material simple design N95 dust mask with valve for fumes - Shape: Cup -Layer: Layer						
21	Gas Masks: - Material: Silica Gel - pollution Area, Machinery, Spray Paint - Silica gel gas mask - Function: Dual Cartridges Gas Mask can prevent various organic gases, such as formaldehyde, gasoline, ether, suitable for spray paint, oil, machinery, polishing, dust and other workplaces Standard GB2890-2009, GB2626-2006		Each				
22	Smoke Mask: - EN standards - Flame retardant - Nontoxic - Velvety texture - Size: Standard - Weight: Max 700g - Product life : 3-5 years - Inhalation temperature : <45°C - Inhalation resistance : <800pa - Exhalation resistance : <300pa - temperature : -30°C-- 60 °C - Filter Material : stainless steel - Hood material : aluminized , Aramid -Protective time : at least 40min		Each				
23	Mask with filter: - Should have two filters - Adjustable Elastic Strap should be made of high-density nylon and should be suitable for different size of head, keep the mask stable. Check and forehead pad offer a cushion and absorption of energy, protect cheeks and nose from being hurt. - Exhaust fans in each		Each				

	side should promote the flow of air, blow dry the sweat quickly and prevent lens from forming fog, offer clear and broad vision - main material of the mask should be thermoplastic polyurethane elastomer rubber (TPU), which is highly sturdy and anti-shock.						
24	Car doors lock out emergency kit, including: - unlocking toolkit including hook with adjustable length up to 1 meter for opening car door locks, plastic or metal separator wedge - Air pump wedge. - Material: Steel		Each				
25	Window breaker tool: - Item Weight: 340gh - Dimensions: (22 x 9 x 7.8) cm -Live type: hammer - Hammer Material: Iron - Hammer covering material: Plastic		Each				
26	Safety Helmet with torch attachment, battery powered: - Material: HDPE - Protecting ability: Top density impact resistant, Uncrack, puncture protect. - ISO & OSHA Standards - sizes and colors to be determined at the time of order.		Each				
27	Fireproof helmets: - Main Material: HDPE - Protecting ability: Top density impact resistant, Uncrack, puncture protect - Weight: About 385g - Standard: GB2811-2007; EN397:1995; ANSI Z89.1-2003 - MEAS: 74x29x64cm		Each				

	- sizes and colors to be determined at the time of order.						
28	Firefighter Hats - Item Weight: at least 900g - Polycarbonate Face shield - Product Dimensions: 49.276 CM x 53.1 CM x 74.933 CM - Anti - High Temperature -ISO & OSHA Standards		Each				
29	Protective work boots: - Material: rubber shock absorbing sole, anti-static, oil resistant. - water resistant. -leg height of between 25 and 30 cm, - Sizes, script and colors to be determined at the time of order		Pair				
30	Rescue Boots: - Material: PVC - seamless and waterproof - Higher, wider kick-off lugs for easy on/off; reinforced at critical stress points for extended durability - Recommended use: barns, general work, occupational Sizes, script and colors to be determined at the time of order		Pair				
31	Light shoes: - Anti-nail penetration steel midsole plate, work safety shoes should keep worker in safety - should provide comfort with skin-friendly lining and vamp - Wearable practical non-slip rubber outsole - should step on a wide variety of surfaces Sizes, script and colors to be determined at the time of order .		Pair				

32	Safety Shoes : - Minimal number of seams to reduce staining - uvex clomazone technology for improved comfort - High-tech breathable microfiber material upper, abrasion- resistant, water- resistant - Ultra breathable distance mesh lining - uvex anti-twist heel cap for greater stability and protection from ankle twisting - Made with synthetic textiles – suitable for people allergic to chrome - The latest generation of 100% metal-free uvex xenova® toe cap. Compact design, anatomical shape, good side and ankle twist stability, no thermal conductivity and antimagnetic properties - Soft padded collar and tongue - Ultra comfortable removable insole, antistatic, with a moisture control system - uvex 3D hydro flex® foam insole for exceptional shock absorption in the heel and under the front of the foot - Fulfil ESD requirements: resistance to ground < 35 megaohms - PUR outsole		Pair				
33	Angle grinder: 670 watts, 11000 rpm, 400 watts output, handheld, multifunctional handle, rotation of 90 degrees, multiple sized disk		Each				

	attachments, electric and chargeable						
34	Hand shovel: - wooden handle, no less than 1 meter in length, metal shovel head - Head size: 22.86-1.27 CM width * 3.048 CM length		Each				
35	Street cleaning brush: wooden handle no less than 1 meter in length, plastic bristles, suitable for use on concrete		Each				
36	Metal Rake tool: wooden handle no less than 1 meter, metal rake head, suitable for use on concrete		Each				
37	Mortar Hammer: wooden handle no greater than 0.5 meters, metal spike head, suitable for use on concrete		Each				
38	Soft hammer: plastic handle no greater than 0.5 meters, hard rubber head, suitable for ceramic tile installation		Each				
39	Big firefighter axe: - Item Weight: 18.14369 grams - Product Dimensions: 0.4064 CM x 0.02794 CM x 0.02794 CM - Material: 1055 Carbon Blade, Hickory Handle		Each				
40	Small firefighter axe: - Item Weight: 14.14369 grams - Product Dimensions: 0.3600 CM x 0.01750 CM x 0.01750 CM - Material: 1055 Carbon Blade, Hickory Handle		Each				

41	Wheelbarrow: -Metal body, metal handles, can hold up to minimum 60 liters, suitable. -Load:120KG -Water Capacity:60L -Sand Capacity:5CBF -Solid Wheel: (33 X 7.5) cm		Each				
42	Lifesaving vests (for water flowing) - Material:400D Polyester + Oxford layered water-proof PU. - Filling Material: High density of polyethylene foam. - Scope of application: used for sailing race, sea fishing, rock fishing, side fishing, raft fishing etc. - ISO Certificate, CS, GS. Buoyancy: No Less Than 150n, Certification : ISO,RoHS , CCS , GL / EC . sizes and colors to be determined at the time of order.		Each				
43	Life savers rescue wheel: - High quality polyethylene materials, sturdy, hard to break, durable, with 4 reflective stripes, can reflect light to make it stand out at night, enables you to have a higher possibility of rescue. - Small holes design, use to be with high strength nylon rope, convenient to rescue.		Each				
44	Scuba diving suit: - (5/4 mm) including: Mask, Regulator, Octo, Snorkel, Buoyancy compensator, Computer, Gauge, Tank, Gloves, Boots, Fins. - (Supplier must include full specifications and certificates showing		set				

items' compliance with international standards).

-At least required specs:
A proprietary backpack has a built-in carrying handle and a traction pad to reduce tank slippage.

Technologically advanced with material resists fading and abrasion.

provides a safe, single pull release. With Sure Lock, your weights are secure in the BC. Once engaged, the only way to release the weight is to pull on the handle.

- Swivel Regulator:
Compact and Economical Regulator System
Nitrox Ready for Mixtures Up to 40%
Out-of-the-Box
3/8" Threaded (81.3 cm) Low Pressure Hose
Weight: 1,151 g
Chrome Plated Brass and 316-Grade Stainless Steel
Balanced Flow-Thru Piston Design
with High-Flow Piston
Exclusive High-Pressure Piston Seal
System is Self-Lubricating

-Depth Gauge: Cresi Mini-Manometer
Luminescent Color-Coded Dial
0' to 230' Gauge Scale
Maximum Depth Indicator, Extremely Handy for Logging Dive Information
Diaphragm Membrane Actuated
0' to 40' of Depth: 10' Increments, Widely Spaced for Ease-of-Reading.

Max Head: 105 FT Max Flow: 300 GPM Max Pressure: 48 PSI Materials: Aluminum Die-cast Stainless Steel Internal Hard rive. Horizontal Discharge Quick Release Handles Strainer Rubber Foot Mounting Built-in EPDM Check Valves Silicone Carbide, Self-Lubricated Seal with Graphite Impregnated Seat and Viton Elastomers Optional: Wheel Kit Dimensions: 25"L x 20"W x 20"H		Each				
48	Mobile 6 inch diesel engine water pump : Position of Pump Shaft : Horizontal Pump Impeller Material : Cast Iron or Stainless Steel Accessories : 2 or 4 Wheels Trailer, Silence-Box, etc. Start Up : Electric Pump Power : Engine Type : Movable Pump Performance : High Efficiency Energy-Save		Each				

	Certificate : ISO Liquid Temperature : up to 70c Diameter : DN25-400 mm Capacity : 15-2500 m3/h Pump, diesel Engine, 2 wheels trailer						
49	Transparent fireproof eyeglasses: -High Quality - Material: one layer high density foam - Frame material: TPU - Lens : UV400, anti- fog, anti-scratch		Each				
50	Safety Glass: Material: Latex free polycarbonate Lenses: anti-scratch coating UV protection: 400nm (nanometers) PPE field of view: >40° Max temple arm length: 12cm Max nose bridge diameter: 2.5cm Total frame width : 15cm Max frame height: 1.77" in the center Weight: 24gm		Each				
51	Rescue Rope 50 m : - Length : Diameter 4 mm - High performance, high intensity , high tenacity, durable ,withstand thousands of twisting. - Can be rolled up to a small part, easy to keep them tidy and clean, compact to carry it - Used in Escape, Fire Survival, Backup, Climbing, Hiking, Camping, Downhill, Engineering protection, Lanyard, -Tree Stand Accessories, Training, Caving, Abseiling,		Each				

52	Rescue rope 100 m : - Length : Diameter 4 mm - High performance, high intensity , high tenacity, durable ,withstand thousands of twisting. - Can be rolled up to a small part, easy to keep them tidy and clean, compact to carry it - Used in Escape, Fire Survival, Backup, Climbing, Hiking, Camping, Downhill, Engineering protection, Lanyard, -Tree Stand Accessories, Training, Caving, Abseiling,		Each				
53	Survival Belt: - something that can connect with the pool, so that if the rope breaks, he still is connected and won't fall - Adjustable width and reversible: should fit 0.7366 meters to 1.0668 meters waist. 1.143 meters * 0.0381 meters (Length * Width). Should come with durable silver metal buckle. - Should be made of military grade, high quality, ultra strong 7-strand 113.398 KG paracord. The belt should be disassembled/unwoven and used as a rope.		Each				
54	Thermal camera (Including night vision binoculars): - Detector: Uncooled amorphous silicon FPA - Resolution: 640 * 480 - Frame Rate : 50Hz - Storage : 4G - Pixel Pitch : 17um - Lens : 60mm F#=0.8		Each				

55	Electric extension 30m: - Durable & Ergonomic design - Rating -6A, 240V (1440VA) - 4 Universal sockets with Master Switch, Optimum wire length for residential uses - LED Indication for power status - 1.5m Heavy duty wire - Robust inbuilt surge protection		Each				
56	Electric extension 50m: - Durable & Ergonomic design - Rating -6A, 240V (1440VA) - 4 Universal sockets with Master Switch, Optimum wire length for residential uses - LED Indication for power status - 1.5m Heavy duty wire - Robust inbuilt surge protection		Each				
57	MIG Welding Machine: Argon & CO2 Gas, Precise Carbon Steel Welding, 885x485x920mm, Water Cooling, Iron Core with its generator.		Each				
58	Smoke sucker with Hose and its accessories: - Item Weight: 900g -Product Dimensions: (10 x 5 x 12) cm -Maximum air flow: 2000ml/min -Working temperature: -30 to 70 degrees		Each				

	-Lifetime: 50,000 hours -Power: 220V -Metal: Iron & Plastic						
59	Iron table with Mangena: - Table Dim (2m Length x 1.5m Width x 75Cm Hight) Mangena: -Jaws of vice made of special carbon steel hardened and serrated to ensure a fast nonslip. Vice available in fixed and swivel base. -Material: Cast Iron -Size: 205 mm -Opening of Jaws: 100-225 mm Weight Fixed Base: 4-25kg. Weight Swivel Base: 5-27kg		Wholesale				
60	Mangena: -Jaws of vice made of special carbon steel hardened and serrated to ensure a fast nonslip. Vice available in fixed and swivel base. -Material: Cast Iron -Size: 205 mm -Opening of Jaws: 100-225 mm Weight Fixed Base: 4-25kg. Weight Swivel Base: 5-27kg		Each				
61	Cordless Chainsaw Bracket Angle Grinder: Heitamy 12 Inch Electric Chain Saw Converter Adapter Chain Saw Bracket Set Woodworking Tool. Package Dimensions: (13.8 x 5.5 x 2.4) inches Item Weight : 3.05 pounds Iso Certification		Each				

62	Fire Extinguisher - 12k foam : - Fire extinguisher rating: 21A, 183B - AFFF foam extinguishing agent - Kitemarked (BS EN3: 1996) and CE marked - On-site certification available - Stored pressure fire extinguisher - Easy to read pressure gauge - Includes wall mounting bracket as standard - Certified for marine use - MED approved - Passed the electrical conductivity test - safe for accidental use on electrical equipment - Suitable for use on combustible solid (wood, paper, textiles, etc.) and flammable liquid (paint, oils, etc.) type fires		Each				
63	Fire Extinguisher - 6k foam : - Fire extinguisher rating: 21A, 183B - AFFF foam extinguishing agent - Kitemarked (BS EN3: 1996) and CE marked - On-site certification available - Stored pressure fire extinguisher - Easy to read pressure gauge - Includes wall mounting bracket as standard - Certified for marine use - MED approved - Passed the electrical conductivity test - safe for accidental use on electrical equipment - Suitable for use on combustible solid (wood, paper, textiles, etc.) and flammable liquid (paint, oils, etc.) type fires		Each				

64	Fire Extinguisher - 12k powder: - operating temperature range: -30~+60°C - Fire extinguishing: NH ₄ H ₂ PO ₄ , (NH ₄) ₂ SO ₄ - Max working pressure: 14Bar - Material: ST12 - Standard: GB4351.1-2005 CNCA-C18-03:2014 CCCF-MHSB-06 The shelf life of this product: at least 3 year		Each				
65	Fire Extinguisher - 6k powder: - Working Pressure: 15Bar - Test Pressure: 27Bar - Type: Stored Pressure - Working Temperature: -30 to +60°C - Cylinder Material: Steel - Extinguisher Valve: Brass		Each				
66	Fire Extinguisher - 6k CO₂: - Extinguishing medium: CO ₂ gas 99% pure Moisture less - Filled weight: Northern climates: 75% volume, 10 Kg Tropical climates: 66% volume, 9 Kg - CO ₂ cylinder: 154mm Ø Cold drawn steel 34Cr Mo4 Test pressure (hydraulic) >= 250 bar T-PED approved Cylinder valve: Material: Brass (to EN12420) ¾" handwheel Safety valve set to 235 +/- 15 bar		Each				
67	Fire Extinguisher - 12k CO₂: - Extinguishing medium: CO ₂ gas 99% pure Moisture less - Filled weight: Northern climates: 75% volume, 10 Kg Tropical climates: 66% volume, 9 Kg - CO ₂ cylinder: 154mm		Each				

	Ø Cold drawn steel 34Cr Mo4 Test pressure (hydraulic) ≥ 250 bar T-PED approved Cylinder valve: Material: Brass (to EN12420) $\frac{3}{4}$ " handwheel Safety valve set to 235 +/- 15 bar						
68	Fire Extinguisher - 10k CO2: - Extinguishing medium: CO ₂ gas 99% pure Moisture less - Filled weight: Northern climates: 75% volume, 10 Kg Tropical climates: 66% volume, 9 Kg - CO ₂ cylinder: 154mm Ø Cold drawn steel 34Cr Mo4 Test pressure (hydraulic) ≥ 250 bar T-PED approved Cylinder valve: Material: Brass (to EN12420) $\frac{3}{4}$ " handwheel Safety valve set to 235 +/- 15 bar		Each				
69	Fire Extinguisher - 30k CO2: - Extinguishing medium: CO ₂ gas 99% pure Moisture less - Filled weight: Northern climates: 75% volume, 10 Kg Tropical climates: 66% volume, 9 Kg - CO ₂ cylinder: 154mm Ø Cold drawn steel 34Cr Mo4 Test pressure (hydraulic) ≥ 250 bar T-PED approved Cylinder valve: Material: Brass (to EN12420) $\frac{3}{4}$ " handwheel Safety valve set to 235 +/- 15 bar		Each				
70	Fire Extinguisher - 45k CO2: - Extinguishing medium: CO ₂ gas 99% pure Moisture less - Filled weight: Northern climates: 75% volume, 10 Kg Tropical climates: 66% volume, 9 Kg - CO ₂ cylinder: 154mm		Each				

	Ø Cold drawn steel 34Cr Mo4 Test pressure (hydraulic) ≥ 250 bar T-PED approved Cylinder valve : Material: Brass (to EN12420) $\frac{3}{4}$ " handwheel Safety valve set to 235 +/- 15 bar						
71	Fire Extinguisher - 50k CO2: - Extinguishing medium: CO ₂ gas 99% pure Moisture less - Filled weight: Northern climates: 75% volume, 10 Kg Tropical climates: 66% volume, 9 Kg - CO ₂ cylinder: 154mm Ø Cold drawn steel 34Cr Mo4 Test pressure (hydraulic) ≥ 250 bar T-PED approved Cylinder valve: Material: Brass (to EN12420) $\frac{3}{4}$ " handwheel Safety valve set to 235 +/- 15 bar		Each				
72	Office First Aid Kit with accessories: - Adhesive Band-Aids for covering cuts -Gauze pads for treating wounds -Safety pins for closing bandages -Adhesive tape -Antibiotic ointment -Antiseptic and hydrocortisone cream for skin inflammation and rashes -Antihistamine for allergic reactions -Antiseptic wipes to sanitize your hands -Aloe Vera to treat mild burns -Sunscreen -Insect bite relief pads -Cotton balls -Cotton swabs -Vaseline -A digital thermometer -Tweezers -Curved scissors—the medical kind that doesn't have a pointy		Each				

	edge, and is used for cutting clothing away from an injury -A needle -Hand sanitizer -Saline solution for eye washing or cleaning wounds					
73	Vehicles First Aid Kit with accessories: - Adhesive Band-Aids for covering cuts -Gauze pads for treating wounds -Safety pins for closing bandages -Adhesive tape -Antibiotic ointment -Antiseptic and hydrocortisone cream for skin inflammation and rashes -Antihistamine for allergic reactions -Antiseptic wipes to sanitize your hands -Aloe Vera to treat mild burns -Sunscreen -Insect bite relief pads -Cotton balls -Cotton swabs -Vaseline -A digital thermometer -Tweezers -Curved scissors—the medical kind that doesn’t have a pointy edge, and is used for cutting clothing away from an injury -A needle -Hand sanitizer -Saline solution for eye washing or cleaning wounds		Each			
74	Hearing Bands Earplugs connected to a flexible band that can be worn around the neck when not needed. Useful when working in areas where sound levels average over 85 dBA; EH&S can assist in assessments.		Each			

75	Cable Retractable Foot Premium Cross-Arm Strap : - 5 points of adjustment - Adjustable dorsal D-ring - Quick-adjust torso buckles - Superior flexibility and comfort - Buckle Configuration PT Chest / TB Legs / TB Waist - D-Ring / Buckle Material(s) Galvanized Steel - Webbing Material(s) Polyester and nylon - Worker Capacity Range 130-420 lbs. - Easy to install - Superior Durability - Multiple lengths available (3 Feet) - Worker Capacity Range 130-420 lbs - Material Polyester and Galvanized Steel - Min Breaking Strength 5000 lbs - Cable 20ft SRL with Steel Snap Hook End		Wholesale				
76	Seat Belt Cutter: - Seat belt cutter cuts through car restraints of you and your passengers, freeing you in an accident. Solid piece of 440 stainless steel for reliable use. - 440 stainless steel construction - 440 stainless steel seatbelt cutting blade - Stainless steel window punch - Rubber molded finger grip - Heavy duty nylon sheath attaches to sun visor for easy access 4½" L.		Each				
77	Wire Brush: - Tough 3.2cm long brass bristles; - Perfect for rust, corrosion and paint removal;		Each				

	- Features ergonomic polyurethane handle with easy grip; - Material: Metal & Wooden						
78	Hand File Non Sparking : - LONG LASTING TEETH Precision Milled Tempered & Coated For Durable Cutting & Filing Performance Carbon Steel Ensures Longevity and Strength 3EACHS LONG FILE: round file, half-round file, flat file [length of file: (20cm), total length 32cm] 6EACHS NEEDLE FILE SET INCLUDES Flat File, Half Round File, Flat Warding File, Triangular File, Round File, and Square File - SOFT RUBBERIZED HANDLE - Comfortable Non-Slip Rubber Grips,		Each				
79	Small Maintenance tools Bag with its accessories: Claw Hammer. Flathead Screwdriver. Phillips Screwdriver. Tape Measure. Crescent Wrench. Vise Grip (locking) Pliers. Needle Nose Pliers. Cordless Drill and Bits		Each				
80	Big Maintenance tools Box with its accessories: Plunger Hammer. Hacksaw and/or Handsaw.		Each				

	Retractable Tape Measure. ... Step Stool Screwdriver(s) HACKSAW STEP STOOL SLIP-JOINT PLIERS DUCT TAPE UTILITY KNIFE FLASHLIGHT TORPEDO LEVEL WIRE CUTTERS STUD FINDER Mallet Axsaw Hacksaw Wrench Router Chisel machine screw						
81	Danger Barricade Tape: -Standard Size: Width 7cm x Length 300m. Material: Tough polyurethane with high tensile strength. It is non-toxic, lead free, non-flammable and remains flexible in cold temperatures. Excellent for warnings and taping off physical hazards. -Meets OSHA standards		Each				
82	Screwdriver Set (3 set of star screwdriver and 3 set of flat screwdrivers)		Each				
83	Clamp Meter - Fluke Model		Each				
	Spanner Set, includes the sizes between 10 – 24		Each				
84	Spanner Ring Set, includes the sizes between 10-24		Each				
85	Allen Key Tool Set of 12		Each				
86	Work Gloves for Electricity Work - low pressure 11 KVA		Each				
87	Oil spill kits: Fluid Absorbed: Oils, Coolants, Solvents, Water – Universal Colour: Hi-Viz Yellow Dimensions: 15" W x 20.5" L x 6" H		Each				

	Absorbency: Up to 6.5 gal. Including: - Portable Bag - Absorbent's material - cleaning gloves - Protection glasses - Big cleaning brush - Small cleaning brush						
88	Welding helmet		Each				
89	Welding gloves: Reinforced palm and elastic wrists, Tough Grip - feature a reinforced palm patch that gives grip and wear resistance.		Pair				
90	Metal brush with wooden handle		Each				
91	Putty knife blade: constructed with a very rigid metal stainless steel metal blade for easier use when spreading or mixing		Each				
92	Painting Pot (15 Liter)		Each				
93	Painting Pot (1 Liter)		Each				
94	Painting Pot (5 Liter)		Each				

95	Painting Brushes (Small, medium, large)		Set				
96	Putty pot for fixing walls (15 Liter)		Each				
97	Putty Pot for fixing walls (5 Liter)		Each				
98	Mig Welding Piler		Each				
99	Welding Wires (set of 100 pcs)		Set				
100	Welding Hammer, 290 mm stainless steel		Each				
101	Metal Sheet thickness gauge		Each				
102	Safety Cones – Height 50 Cm - Plastic		Each				
103	Welding Glasses		Each

Length of warranty on offered equipment, if applicable: _____ years

Location of service center(s), if applicable for after-sales service, including warranty repair:

The prices quoted above remain fixed for the next 12 months:

____ Yes ____ No

Section 4: Offer Cover Letter

The following cover letter must be placed on letterhead and completed/signed/stamped by a representative authorized to sign on behalf of the offeror:

To: ICRI Taafi Project
Erbil, Kurdistan Region-Iraq

Reference: RFQ No. # IRP II-PROG-BPA-003

To Whom It May Concern:

We, the undersigned, hereby provide the attached offer to perform all work required to complete the activities and requirements as described in the above-referenced RFQ. Please find our offer attached.

We hereby acknowledge and agree to all terms, conditions, special provisions, and instructions included in the above-referenced RFQ. We further certify that the below-named firm—as well as the firm’s principal officers, and all commodities and services offered in response to this RFQ—are eligible to participate in this procurement under the terms of this solicitation and under USAID regulations.

Furthermore, we hereby certify that, to the best of our knowledge and belief:

- We have no close, familial, or financial relationships with any Chemonics or ICRI Taafi Project staff members.
- We have no close, familial, or financial relationships with any other offerors submitting proposals in response to the above-referenced RFQ; and
- The prices in our offer have been arrived at independently, without any consultation, communication, or agreement with any other offeror or competitor for the purpose of restricting competition.
- All information in our proposal and all supporting documentation is authentic and accurate.
- We understand and agree to Chemonics’ prohibitions against fraud, bribery, and kickbacks.

We hereby certify that the enclosed representations, certifications, and other statements are accurate, current, and complete.
