1- I would like to seek clarification regarding the last section of the RFQ. Specifically, we need to understand what exactly is included in the labor and tools for the installation of the fence, considering there are 35 plots and each land will have a different case.

Your assistance in this matter is greatly appreciated.

Answer:

"Samaritan's Purse will not provide any labor or tools related to the installation. The company will be fully responsible for all labor and tools. The exact locations will be determined in January 2025, but the work will be completed at 35 locations, ranging from North and South of Sinjar mountain, with some sites on the Sinjar mountain. From previous work with other suppliers for similar work, they usually have 10-12 labors working at 2-3 sites each day. The separation of labor is often divided between digging holes, pouring cement, and installing the fence system."
